NEAF

Coming Summer 2017

The PlaneWave Instruments introduces its new L-Series direct drive mount system. Offered in Alt-Az or Equatorial configuration. The L-Series comes in two models; the L-500 is designed for the CDK17/20 and can hold payload of up to 220 lbs. The L-600 is ideal for the CDK24 and can hold up to 350 lbs. Both mounts are designed and manufactured by PlaneWave Instruments with zero backlash and zero periodic error, virtually silent motion and slew speeds of up to 50 degrees per second!
